

I have compiled a list of “RECOMMENDED” items for the this workshop at Jerry’s to make it easier for you to prepare for the workshop. Many items are in the shopping cart from the link below. If you already have the items, or you have it in a different brand, that is okay. Just change the quantity for a 0. Click link [HERE](#)

This is my selection of brushes, bring the brushes that you have as long as you have a variety of sizes and styles.

Brushes and Tools

- A variety of Flat brushes
- A variety of Round brushes
- A variety of Filbert brushes
- A Fan Brush
- A Long Rigger Brush
- 1” color shaper
- Chip Brushes 1/2”, 1” (Micheal’s)
- Foam Brushes 1/2” (Micheal’s)
- Palette Knife, trowel type

Mark Making tools

- Black ink bottle with dropper
- Pitt pastel, black
- 6B Pencil
- Acrylic Ink, black (small bottle with eye dropper)
- Extra Soft Vine Charcoal
- Eraser
- Sharpener
- A Cheap Combs (Dollar Tree)

Substrates

- Synthetic Multimedia paper 9 x12
- Synthetic Multimedia paper 5 x 7
- 1 Canvas 9”x12”
- 1 Cradled Wood Panel 12”x16”-7/8” deep

Acrylic Paint

PAINT COLORS and medium (*DO NOT BUY student grade, basic, standard, or level 1 paint. These are lower quality, low pigment, that is why they are less expensive. Keep these for your grand-children!*)
These colors below are the basic to have in your paint box. Get the Professional quality paint.

- Phthalo blue/green Shade (Cool blue)
- Ultramarine Blue (Warm blue)
- Alizarin Crimson (warm) or Quinacridone Magenta (cool)
- Luminous Opera (cool) (Acrylic Holbein)
- Indian Yellow (Warm yellow)
- Yellow Light or Hansa or Primary (Cool yellow)
- Black (Mars or Carbon black)
- A **larger** tube of Titanium white
- Satin Glazing Liquid medium
- Matte Medium

Heavy body or fluid are OK or a mixture of both. However, I prefer fluid. Bring what you have!

I like Nova Color paint, good quality, good value. Here is the link: <https://novacolorpaint.com/>

ALSO additional items:

- Palette paper (16x12)
- Smooth Viva paper towel
- Spray bottle
- Small bucket for water
- Masking Tape [HERE](#)
- **A piece of cardboard 12X16"** (backing of pads or pizza box are great, not the corrugated ones)

Pre workshop assignment: With masking tape, mount one 9x12 Synthetic Multimedia paper on a **12"X16"** **card board**. Press on the tape firmly to prevent bleeding paint. Then, with masking tape, divide the sheet in four rectangles. See attached image.
